

FONDERIE DI MONTORSO

Fonderie di Montorso Spa has acquired Fonderia Scaranello

Last Thursday, April 23, **Fonderie di Montorso Spa** has finalized the acquisition of 100% of the shares of **Fonderia Scaranello**, a company based in Rovigo specialized in the casting of gray, ductile and special iron castings with shell molding technology.

Fonderia Scaranello supplies sealing rings, both raw and finished, to OEMs of primary importance on a global level and is equipped with a department fully dedicated to mechanical machining and component finishing.

This acquisition allows to expand the technological offer and support that Fonderie di Montorso will continue to provide to its customers, strengthening its characteristics as a strategic partner.
